**Please find below a communication from the EXAMINER in charge of this application**

Applicant's response to the Office Action of 8/24/00 is noted, however, Applicant's remarks will be held in abeyance because the reply filed on 3/1/01 is not fully responsive to the prior Office action because of the following matter(s): this application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2). Applicant was required to include sequence identifiers for each of the sequences in the specification that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2).

Applicant's reply is incomplete, for example, page 56 has not been amended. Additionally, the Application contains no paper copy of the sequence listing - see pg 2 of the previous Office Action. Applicant's cooperation is earnestly requested to identify each sequence in the application. Such sequences would be rejected by the printer once the application is allowed. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).** Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a). In no case may an applicant extend the period for reply beyond the **SIX MONTH** statutory period. Direct the reply to the undersigned. Applicant is requested to return a copy of the attached Notice to Comply with the reply.
